***January 21st - 28th, 2018***

***All Rooms are per person double occupancy***

The Mayan Princess Resort offers both divers and non-divers endless opportunities for unforgettable adventures. You can enjoy diving, snorkeling, kayaking, golfing, land tours, kicking back on the beach or relaxing poolside soaking up some sun. Divers will be treated to the biodiverse Mesoamerican Reef. This reef is home to a large number of marine species, hard corals, and tropical fish as well as rare or endangered animals such as Sea Turtles and Manatees.

Those who would rather spend more time above the water can golf a round on the Black Pearl Golf course. This course starts at oceans edge and winds up and around to the rolling foothills. If you want to be more adventurous you can play with the monkeys and parrots in the Gumbalimba Park or take to the air and Parasail high above the Bay of Honduras. If you're looking to experience the island culture and shopping, the Discover Roatan Tour journeys through a lush jungle to the far side of the island. Once there, you will jump aboard a water taxi and travel through the Jonesville Mangrove tunnel. For lunch, the tour stops at the nearly-famous "Hole in the Wall". If you desire, you can jump in and enjoy snorkeling after lunch. The final stop of the tour will take you to the West End for some souvenir shopping!
